CAU Futong was established in 1985. It is a company originated from China Agricultural University (CAU), which is engaged in Agricultural Science and Technology, and the business scope covers agricultural planning, horticulture and greenhouse engineering, water saving irrigation project, horticulture service, introduction and promotion of agricultural science and technology, and agricultural products marketing service.

CAU Futong has successfully delivered more than 30 agricultural carnivals and outlets, horticulture industrial clusters and other new projects across China. CAU Futong is actively managing 70 hectares of modern Dutch-style greenhouses and 780 hectares agro-park. The company has a fruit and vegetable brand, Dachaolai.

Over the years, CAU Futong has accumulated valuable experiences in the agricultural sector and has built up a large network among different levels of the Chinese government, foreign embassies in China, domestic and foreign enterprises, and education institutions. CAU Futong is eager to expand its strategic partnership with companies who are interested to enter the Chinese market and build up firm research and development cooperation with international organizations.
